Experience

MONEE

Regional Business Development Intern, Seller Insurance

Jan 2026 – March 2026

- Contributed to end-to-end product management for seller insurance across Thailand, Indonesia, and Malaysia, utilising user research and competitor benchmarking to tailor offerings to regional market demands.
- Optimised product portfolio by conducting analyses of RR rates and Loss Ratios, ensuring long-term profitability and risk alignment.
- Spearheaded Go-To-Market (GTM) strategies based on data for existing insurance products, boosting adoption through cross-functional collaboration on marketing communications and targeted promotional campaigns.
- Authored comprehensive Business Requirement Documents (BRD) to improve internal systems, successfully aligning technical infrastructure with evolving business needs.
- Engineered a SQL-based tracking system to monitor promotion adoption and retention metrics, providing data-driven insights for real-time campaign optimisation.

SPARKONOMY

Product Management Fellowship

Jun 2025 – Sep 2025

- Produced a Product Requirement Document (PRD) for AI Business Opportunity Agent feature
- Conduct user research, competitive analysis and Go-To-Market strategy outline
- Created user flows with Miro and design mock-ups with Figma

NATIONAL TRADES UNION CONGRESS

Operations and AI Intern

May 2025 – Aug 2025

- Automate Membership Services Division survey analysis process with Python and Power BI
- Utilize machine learning models to analyze unstructured data from survey responses
- Improved survey response rates through survey design, aesthetics and incentives
- Streamline Service Quality processes and tracking

Projects
